

YOU SEE EQUALITY IN MY FUTURE. YOU ARE MY FATHER.

A more hopeful and more equal future is possible. The more your children know, the further they go in school, the bigger their future becomes. And that future - for girls and for boys - starts at home.

When you teach your children that all people -

boys or girls, of different backgrounds, gay or straight - should be treated equally and respectfully, you're also teaching them that they deserve a future full of opportunity and equality too. That's a powerful lesson that they'll remember forever.
