

YOU HELP ME TAKE MY MEDICINE. YOU ARE MY FATHER.

Your son is scared of the doctor, but you know that getting him vaccinated and keeping him healthy is the right thing to do and one of the most important things that you can do as his father.

As a father, you are critically important in protecting your children from easily-preventable illnesses. You can make sure that your children grow up healthy, and provide them with the courage necessary to make the doctor's visit a little less scary.
